👤 PROFILE

Curious builder and lifelong learner from Mumbai (Class 4). Programs in HTML, CSS, Python and C++; builds hardware projects using Arduino — a playable NeoPixel game, a portable air quality monitor, and a radar system. Uses AI tools (Veo 3.1, Nano Banana Pro, Claude) to create and boost productivity. Holds Anthropic's Claude 101 Certification and Arduino Junior Certification (96%). Published 5 books across Bribooks and Amazon; competes nationally in Roller Skating.
